

We love to talk packaging

Established in 1935, Southern Packaging Products is a family run business with a long tradition of providing a prompt and personal service across the entire South West region.

Operating from modern premises adjacent to the Plym estuary, our stocked products are vast and wide ranging and include branded packaging products as well as a fit-for-purpose range. SPP not only offer you packaging at competitive prices but, can also provide your business with bespoke packaging solutions.

At SPP we are conscious of today's environmental issues and recognise some products and operations have the potential to effect the environment. We utilise as many methods as practical to minimise impact on the environment and can often offer environmentally friendly alternatives to products.

To discuss how we can benefit your business, please call for a chat.
